

To all of our patients:

We are faced with unprecedented and extraordinary circumstances related to COVID19. As healthcare professionals we must mitigate the spread of the virus and concern ourselves with the public's well-being. In order to do so, on March 17 **we will suspend non-urgent dental care for the following two weeks.**

**We will still be here for you**, however, for any dental emergencies. Our phones will be monitored 24 hours/day and we will be available to see you if needed. If you have an emergency, please don't hesitate to call us.

We hope these steps will help slow the spread of COVID19 while also alleviating the burden that dental emergencies may place on hospitals.

The situation is fluid and we will re-evaluate this plan as new information becomes available. This virus is formidable and will take harsh measures to beat. Please practice social-distancing and stay at home. We want to see you all again sooner rather than later.

We wish you good health,

The entire team at Ridgefield Perfect Smile Center
